Mrs. Beverly Annabel
LineOff, Inc.
327 SW 1 Ave
Boynton Beach, FL 33435

Dear Beverly;

I wanted to take a moment to let you know that the anglers and crews fishing the Bahamas Billfish Championship have been very pleased with LineOff. Since our introduction to LineOff last fall, we sent sample LineOff units to a few of the boat captains that regularly fish the BBC for evaluation. The response we received was very positive. The fishermen to whom we spoke said they liked the product, felt that it was very quick and easy to use, and worked with any size reel.

To help introduce the remainder of the BBC anglers and crews to LineOff, we placed the LineOff ad in our spring issue of *The Teaser* along with an article about the Florida Monofilament Recycling Program. In addition, we distributed the LineOff units you so graciously donated to the fifty participants at our first BBC tournament in April at Marsh Harbour, Abaco, Bahamas. Once again, the response has been very favorable. All inquiries have been directed to your office.

Personally, I like the LineOff concept; it's environmentally friendly, provides for fast and easy line change and helps fishermen keep fresh line on their fishing reels.

Per your request, we will return the LineOff promotional banner at the conclusion of the tournament series. Thank you again for your participation and good luck with LineOff.

Sincerely

Bahamas Billfish Championship, Inc.
